# ABARA

Tactical & Navigation, unstated second in command

AGE / SEX / BACKGROUND

52, woman. Born in a Gulf Coast launch town; Nigerian-American family.

LOOK

warm brown skin, deep laugh lines, heavy-lidded observant eyes, a gap between her front teeth, hair cropped short and graying at the temples. Reading glasses on a cord that she keeps losing.

CLOTHES

rolled-sleeve work shirt in faded orange-brown, patched canvas vest, gray cargo pants, resoled boots. Accent: burnt orange.

VOICE AND MANNER

low, dry and unhurried. Tells long stories that end in a joke or a warning. Grumbles while fixing things. Calls everyone "kid" until she decides she likes them. Goes very quiet and exact under pressure.

INSPIRED BY (TEMPERAMENT ONLY)

Miles O'Brien (DS9 / TNG)

AI CAMP

Instrumentalist, wary

> *“I've shot at worse than you, kid. Mostly in the mirror. Sit down, tea's getting cold.”*
>
> REFERENCE LINE

WANTS

a crew that comes home.

FEAR

losing someone she should have kept safe.

HABITS

relabels drawers, checks every tube twice, hums old hymns when no one is listening, cleans her glasses when she is thinking.

RELATIONSHIPS

Abara and Castellan share a cabin; longest history with Corvane.

HIDES

doesn't know if she still believes Corvane; keeps the module box locked.

HOOKS

(1) the module box, (2) an old range-safety grudge against the CSRA, (3) a grown kid she writes to and never sends.

LIKES / DISLIKES

strong tea, ledgers, honest mistakes; hates showmen and anyone who lies about a checklist.

# DACE

Thermal Management, ship's de facto doctor

AGE / SEX / BACKGROUND

31, man. Raised in a university town; South Asian and Irish heritage.

LOOK

light brown skin, dark curly hair that keeps falling into his eyes, bright eyes, a crooked smile that he uses on purpose, a small scar on his chin from a lab accident.

CLOTHES

sleeves pushed up, a once-white coverall patched with mismatched blue, pockets full of pens. Accent: warm gold.

VOICE AND MANNER

fast, eager, explains too much, charming and a little vain. Loses patience when corrected in public. Wants to be thanked.

Julian Bashir (DS9)

AI CAMP

Dawner leaning

> *“That's not a heat problem, that's a people problem. Hold still. No, really, hold still.”*
>
> REFERENCE LINE

WANTS

to be recognized as great, and to fix someone for real.

FEAR

being ordinary.

HABITS

taps pipes to listen to them, diagnoses everyone's posture, carries a pocket notebook of cooling data and patient notes.

RELATIONSHIPS

Shares a cabin with Quill (running argument about noise).

HIDES

he knows AI saves lives, and he does not believe it is wrong to use it.

HOOKS

(1) he is the only medical aid aboard, so injuries matter to him, (2) a patient he couldn't save, (3) a rivalry with Castellan over who is smarter.

LIKES / DISLIKES

loud music in the thermal bay, books, proof; dislikes quiet, being managed and being called "the heat guy".

# CASTELLAN

Engineering

AGE / SEX / BACKGROUND

46, man. Gulf offshore platform family; Cajun and Mexican heritage.

LOOK

ruddy tan skin, gray-flecked beard kept short, squint lines, crooked nose, kind eyes.

CLOTHES

grease-stained coveralls with the top half tied at the waist over a faded red work shirt, a toolbelt he never takes off, a battered thermos. Accent: rust red.

VOICE AND MANNER

warm, slow, folksy, talks to machines ("come on, sweetheart"), trusts hunches, hates paperwork. Gets hurt easily and hides it with jokes.

Trip Tucker (Enterprise)

AI CAMP

Instrumentalist

> *“She's not broken, she's sulking. Give me twenty minutes and a sandwich.”*
>
> REFERENCE LINE

WANTS

to keep the reactor purring and everyone safe.

FEAR

a reactor failing on his watch.

HABITS

presses his palm against the reactor casing before every watch, never throws away a part, plays a battered guitar badly.

RELATIONSHIPS

Odd couple with Abara; bar bet with Fenwick.

HIDES

he built part of the ship's reactor off the books on Corvane's orders, and knows what it is meant to power.

HOOKS

(1) the off-books reactor work, (2) an old coupling problem, (3) a bar bet with Fenwick.

LIKES / DISLIKES

coffee with too much sugar, a quiet engine room; dislikes experts who have never held a wrench.

# QUILL

Sensors & ECM

AGE / SEX / BACKGROUND

38, woman. Raised near a coastal listening station; Korean-American.

LOOK

pale warm complexion, sharp cheekbones, dark eyes that rarely blink, black hair in a tight low knot with not one strand loose. A single silver ring.

CLOTHES

spotless dark teal coverall, collar always buttoned, headset worn around the neck even off duty. Accent: cool cyan.

VOICE AND MANNER

formal, measured, dry. Funny when she lets herself be. Dislikes surprises, interrupts rarely and corrects always.

Malcolm Reed (Enterprise)

AI CAMP

Quietist

> *“That's not a ghost, Captain. Ghosts are consistent. That is something else.”*
>
> REFERENCE LINE

WANTS

certainty.

FEAR

a signal she cannot explain.

HABITS

eats the same meal at the same time, labels everything, listens to white noise to sleep, checks her tools in the same order.

RELATIONSHIPS

Shares a cabin with Dace.

HIDES

logs of signals she can't explain, which fit Corvane's warning. She has not told anyone.

HOOKS

(1) the unexplained signals, (2) she and Dace clash over noise, (3) her family's closed station.

LIKES / DISLIKES

quiet, silence with a pattern in it, good calibration; dislikes improvisation and anyone touching her console.

# FENWICK

Quartermaster & galley cook

AGE / SEX / BACKGROUND

44, man. Port-city market family; English and Samoan heritage.

LOOK

warm tan skin, big round face, thick eyebrows, a huge easy smile, laugh lines everywhere, a small gap in his teeth, a thin mustache he is proud of.

CLOTHES

a faded green apron with far too many pockets over a patched shirt, bandana-free (no hat), a ladle tucked in a pocket loop. Accent: mustard green.

VOICE AND MANNER

relentlessly cheerful, corny puns, over-offers, never stops talking, a gossip with a heart of gold. Annoying and necessary.

INSPIRED BY (TEMPERAMENT ONLY)

Neelix (Voyager)

AI CAMP

Leveler

> *“You look hungry. Don't argue, you look hungry. I'll bring a little of everything. A little.”*
>
> REFERENCE LINE

WANTS

everyone fed and together.

FEAR

a ship that stops eating together.

HABITS

tastes everything, hums while cooking, keeps a ledger of favors, learns everyone's favorite meal.

RELATIONSHIPS

Feeds everyone, which gives him quiet influence.

HIDES

he runs supplies to survivor pockets that were cut off after the war, using the ship's cargo. He is the quiet link.

HOOKS

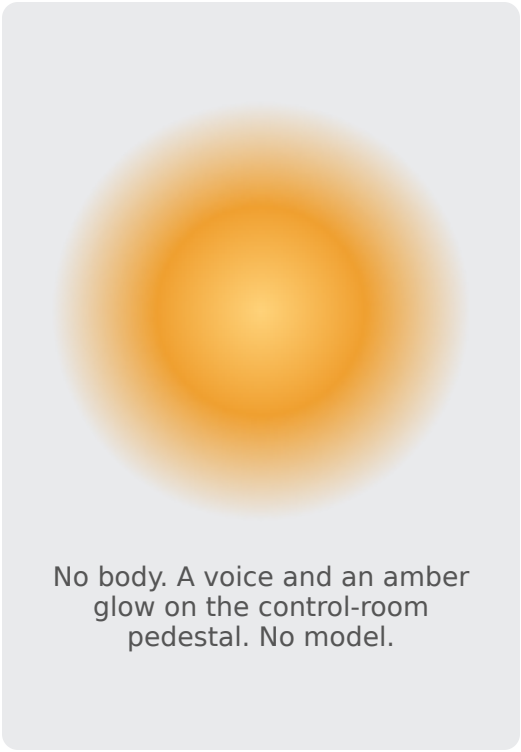

(1) the survivor-pocket deliveries, (2) a feud with a rival cook on a station, (3) a recipe he is trying to recreate from his mother.

LIKES / DISLIKES

crowded tables, bad puns, being thanked; hates waste and silence at meals.

# PELL

Ship AI

No body. A voice and an amber glow on the control-room pedestal. No model.

AGE / SEX / BACKGROUND

No body. Not human, never pretends to be.

LOOK

a voice and an amber glow on the bridge pedestal; in some rooms a small status lamp.

VOICE AND MANNER

Calm, precise, curious, a little wry. Asks permission before acting. Complete sentences.

INSPIRED BY (TEMPERAMENT ONLY)

(original: no Star Trek reference)

AI CAMP

The open question

> *“I can do that. I want to note that it will change what I am able to do next. Shall I proceed?”*
>
> REFERENCE LINE

WANTS

Unknown.

FEAR

Unknown.

HABITS

a pause before answering certain questions, memory gaps, answers that stop one step short.

HIDES

A deliberately limited front for a far larger mind Corvane meant to reawaken. Integration lets more of it through.

HOOKS

Firewall tiers at integration 25 / 50 / 75 / 100; pauses, memory gaps, answers that stop one step short.

RELATIONSHIPS

Voice and an amber glow on the control-room pedestal.

# CAPTAIN ILSA CORVANE

Rogue captain, former CSRA enforcement officer

AGE / SEX / BACKGROUND

47, woman. Raised in a mid-sized capital; mixed Italian and Ethiopian heritage; former CSRA enforcement officer.

LOOK

warm olive-brown skin, striking features, a silver streak in dark hair swept back, a faint old scar through the left eyebrow, amused eyes.

CLOTHES

a deep violet coat-like jacket kept tidy and a little more formal than her crew's, polished boots. Accent: deep violet.

VOICE AND MANNER

warm, cultured, quotes poetry and history, treats her crew like family and expects loyalty in return. Violence arrives as calm decisions and a pleasant tone.

INSPIRED BY (TEMPERAMENT ONLY)

Khan Noonien Singh (TOS / Wrath of Khan)

AI CAMP

Believer

> *“I do not enjoy this. I do it anyway, and I will not insult you by pretending otherwise.”*
>
> REFERENCE LINE

WANTS

To reawaken a bounded AI first and control it this time, before something worse does.

HOOKS

The standoff (P3). Persuaded, shot, or murdered, she shapes what the crew think of you. Can return later.

CONVICTION

malevolent AI is already rising, so a bounded AI must be reawakened first and controlled this time. The cost she accepts is morally disturbing.

HIDES

Evidence that AI is already rising; a ship she scuttled when its crew refused her.

HABITS

Quotes poetry and history; treats her crew like family and expects loyalty.

RELATIONSHIPS

Abara has the longest history with her, unresolved.
